

# Institutions Accepting the PTE Academic Score Report Code

From April 2019, Pearson will be adding a new Score Report Code (SRC) to your PTE Academic Score Report so in the future it will be easier for institutions to access and verify your score.

As we are currently in the process of upgrading the tool used by institutions to check scores you should:

- Continue to assign your score to chosen institutions using your PTE Academic account.
- Only once an institution informs you that they are ready to accept the Score Report Code should you use it as part of an application. Learn about the new Score Report.

## Australia

### Queensland

QUT - Queensland University of Technology

CQU - Central Queensland University
